MARCH 2024

The Giant Open, the last straight line before the Olympics.

The 2024 Giant Open gives you the chance to do some final training in real conditions before the Paris 2024 Olympic Games.

A unique competition format: with qualifying stages in Nice and Marseille followed by a grand final in the Paris region, with 10 days of high-speed competition featuring what's best on the international scene.

See you at the Giant Open, the flagship event in the French swimming calendar.

Transport & accommodation

The organizing committee has put a strategy in place that offers you comfort, attractive prices, and easy access to the competition site.

My involvement in the Giant Open means that I can continue to keep a close eye on the new generation of very promising swimmers. As a former Olympic medallist, I think this event is not to be missed in the run-up to the Games and other major international events.
I hope to see many of you at the second edition!

Alain Bernard, Olympic 100m freestyle Champion, four-time Olympic medallist, 6 world records

It's a great format that takes us out of our comfort zone. We'll have fun and so will the spectators, it will really be great.

Marie Wattel, World Vice-champion, European Champion
